

Kender Nursery Home Pack

Dear Parents/Carers,

Thank you all for your understanding in these strange times. As nursery will be closed for the next few weeks (maybe more) we are sending home activity packs to keep you and your children as entertained as possible.

Included is:

- 5 reading books to share with your child,
- paper and pencils
- some shapes to cut out and play with. Your child could:
 - makes patterns
 - make pictures
 - sort according to colour/shape etc.
- A bean in a bag + information on how to grow them. With this you could:
 - make a bean diary, drawing the changes each day, and write down what your child says;
 - make predictions about what will happen next;

More ideas of activities to do will be on the Kender website soon, so please check.

I will also be updating the playlists on 'Kender Reception' YouTube channel so your child can enjoy those too.

Please try to keep activities as fun as possible, with projects, and making things, drawing and mark making according to your child's interests. Go on shape hunts around your home, make treasure maps and hide treasure (this could be anything from a coin to an old shoe!), make a pretend shop in your home and sell things to each other.

It would be great if you could make a scrap book of things that you do together while nursery is closed. Something to treasure and look at in years to come!

If you would like any help with ideas for things to do, have any questions or would like to share the activities you have been doing with your child at home, don't be shy! Email me at cheathfield3.209@lgflmail.org

I would love to hear from you :)

I will check my emails daily while the nursery is closed.

Please let us know if there is anymore we can do to help and keep in touch.

We hope to see you soon.

The Nursery Team.
