

Research the first animal that went to space.

1. Who was the animal?
2. When did he go to space?
3. How long was he in space?
4. What did he wear in space?

Design a space-suit for this animal.

Why do you think the animal needed a space suit?

From your research, create a non-chronological report for this animal.

Research the first man and woman in space

1. Who were they?
2. When did they go?
3. How did they get there?
4. What happened when they got there?
5. How long did they spend in space?

Design a space suit for them

Why did they need a space suit?

From your research, produce a non-chronological report about each of them.
