

Covid-19 Home-School Agreement

Child's Name:

D.O.B.

We are pleased to be able to welcome you back to Kender Primary School. You will realise that 'social distancing' is not realistic for children of this age and is not expected in the Government Guidance. However we are putting measures into place to make the return as safe as possible for your children, your families, our staff and their families.

(This document is in addition to the home school agreement that you will have signed when you child started school with us).

The Headteacher and school staff will;

- Ensure that the school is thoroughly cleaned at the end of each day and in the morning prior to the return of the children.
- Support the children to wash their hands regularly, as advised by Public Health England. (During the recent limited opening children have been washing their hands regularly).
- Socially distance in school whenever possible.
- Develop and follow new systems e.g. sessional cleaning rotas; welcoming children as they say good-bye to family from outside the classroom,
- Follow and adapt risk assessments with the support of the Local Authority,
- Support you and your family to manage any changes to the routine.
- Where possible, plan the curriculum to take place through 'open air' outdoor learning, where transmission rates are lowest.
- Support you and the family to manage any anxiety with returning to school

To do this we need you to keep up to date with and follow Government guidance, on social distancing to minimise social contacts, and reduce transmission of infection.

We also need you to follow these new systems we have in place:

- Arriving only at the stated start and end of school and wait socially distanced at the markers at the relevant drop off point.
- Only one adult to bring or collect your child from school.
- Confirm the school office has your up-to-date contact details in case we have to call you to collect your child due to illness.

- If you or your family show any symptoms of Covid-19 **DO NOT** come to the school, contact 119 and get tested and isolate as a household for 14 days.
- Inform the school as a matter of urgency if anyone in your household has symptoms of Covid-19.
- Ensure your child wears fresh clean clothes everyday.
- Do not bring any items from home in to school other than PE kits, to be brought in on Monday and collected for washing each Friday and/or children's lunch boxes.

I understand that:

- the school environment will look different to usual and that daily routines may be different for my child.
- my child's class may not be hosted in their normal base class or with staff from their class team.
- Access to the school is currently restricted to children and staff. Parents and visitors cannot come on site.
- I must inform the school if my child will not attend school or is feeling unwell.
