

THE KENDER TIMES

Welcome to the fifth published copy of our school paper 'The Kender Times'! All the ideas and writing are our own. We are from years 5 and 6. Please enjoy.

Animals Abroad

In Turkey there are homeless cats and dogs and we have to treat them well by giving them food and water as soon as possible! WE should take this action so they live and have a safe shelter for protection.

Some animals die from starvation and become very ill when left untreated so we should take care of them.

There are big cats and dogs, kittens and puppies in Turkey if we don't take care of them they will die.

Hatcham Gardens

Sadly for the children at Kender school, it will still be some time before the Gardens return to being a playground as described by Lewisham Council and Peabody!

We hope that we will have a park to play in by March 2024!!!

New housing has been built on the site of what must have been the original Hatcham Iron Works, and latterly the Peckham Glass Works.

Have some of the Gardens been sacrificed?

How would you feel?

Hatcham Gardens is an interesting area for a rather surprising reason. George England's Hatcham Iron Works, in Pomeroy Street, was the most important factory of railway locomotives in London from the 1840s to 1869. He built himself a house, Hatcham Lodge at 56 Kender Street, in 1858 in the grounds of his railway engineering works.

Alongside his home, George England built a terrace of houses, Georgina Terrace, for his employees. Some of the Hatcham Iron Works engines are still working today on the Festiniog Railway in Wales! and George England's legacy continues in today's Maybrey Reliance.

Ownership of the business changed in the last part of the 19th century and part of the

PE Kits...

*Hello Kender I want to tell you
about bringing your P.E kit. because
if you have after school football club
you will be in trouble. But at least
you have the best coach in the world.
Named coach Ollie he is the best
coach in the world in my opinion and
I think yours too.*

*One question: is coach Ollie the
best coach in the world???*

*And I what to talk to about golden
time. When you are having your
golden time calm down. Please keep
your class room clean when you are
doing your golden time.*

Thank you for listening.

*Written by Aishah, Year 5 Rauf
class*

site was sold to John Crossley Eno for his Fruit Salt Works.

Children at Kender primary school played a important role in re-designing the park in 2013 but now we have been without our local park since 2018.

The next meeting of the Hatcham Gardens Action Group is on Wednesday 18th October, 6.30pm at Kender school. At the meeting the group will decide how best to encourage Lewisham and Peabody to get moving with our park.

Children will be sharing this newspaper and starting talking about this issue at the next School Council meeting.

We want to make sure that kids are still enjoying a local park and we want it soon!!!

NEW TEACHERS

Hey Everyone, now as you know, in September, some teachers came to this school like Ms Greenfield, Mrs Steel and Mr Nelson. So please be kind to them now here are some facts about them...

Mrs Steel

- favourite colour, blue
- favourite animal, koala bear
- age, 39
- Married, yes
- Religion, Christian

Ms Greenfield

- favourite colour, green
- favourite animal, penguin
- age, 25
- Married, No
- Religion, atheist- no religion

WORLD WAR II

Are you ready to know what topic the YEAR 6 pupils have been doing?

Well I guess you already know by the title. So the year 6 pupils have been learning about World War II and what happened in that time and what started it. The year 6 children have also done a time line about all the key events that happened and some drawings about how it looked during the war. Britain has really changed since the war when it started in 1939 September 1st

We are very lucky to live in a country which has no war or bombing happening. On the other hand, Britain in World War II was way worse. Imagine if you were a person that was in that time and every single night bombs were dropped and when you tried to sleep all you would hear is BOOM!

HERE ARE SOME QUOTES I HAVE FOUND .

"Now this is not the end. It is not the beginning of the end. But it is, perhaps, the the end of the beginning."
By Winston Churchill.

Creatures Need Your Help...!

Hello, now as you know some animals are about to be extinct like pandas, tigers, elephants and koalas.

All of these animals need your help! So please help them to survive and live forever.

Some animals are strays like cats and dogs so a way you could help our world is to ask your parents to adopt a kitten or puppy and love them forever.

Correspondent), Year 5
Rauf Class**

“We shall fight on the beaches, we shall fight on the landing grounds, we shall fight in the fields and in the streets, we shall fight in the hills; we shall never surrender.” By Winston Churchill

“ This is the war to end all wars.” By Woodrow Wilson

“ Only the dead have seen end of war.” By George Santayana

NOW TIME FOR FOR INTERESTING FACTS

.The war lasted 6 years and 1 day (that’s a long time)

.Germany was led by Adolf Hitler -the leader of Nazi Germany

Millions of Germans were imprisoned and killed because they didn’t fit the image of the “perfect German (imagine that)

.A year before the war .The government gave out 40 million gas masks.

The first atomic bomb which was named LITTLE BOY was dropped on Hiroshima. And the second bomb named FAT MAN was dropped on Nagasaki.

Bear attack

A family member of the couple killed by a **grizzly bear** in the wilderness of Banff National Park says he knew something was terribly wrong as soon as he received a call with a message from their satellite device

Colin Inglis said his nephew, **Doug Inglis**, and **Jenny Gusse**, both 62, from Lethbridge, Alta., died in the bear attack on the weekend. Their seven-year-old border collie named Tris was also killed

The longtime couple, he said, was on a weeklong backpacking trip in the area and had been checking in daily with him and Gusse's mom

Doug Inglis, and Jenny Gusse, both 62, from Lethbridge, Alta., working their way through a rapid. Waterfound and Fond du Lac rivers, Saskatchewan 2006. Courtesy: Ron teacher

Inglis received a text message from their Garmin inReach device at 4:52 p.m. Friday saying they had been delayed but that everything was OK

Then a representative with the satellite device company reached out at 8:15 pm

"I got an actual phone call from Garmin saying that the SOS had been activated and that somebody had actually entered into the inReach (a message) that said, 'Bear attack bad,'" he said Wednesday in an interview from Edmonton.
